Points of reference: In target quarter, federal definition of poverty for an individual supporting two family members = \$3,500/qr. (US Department of Health and Human Services, 2008 statistics).

Full-time, full-quarter employment at minimum wage = \$3,406 (\$6.55 x 40 hrs/wk x 13 wks/qr).

Persons identified as deceased through the TX Bureau of Vital Statistics (TBVS) (N=156) were excluded from these data.

Persons going to school may not be able to work full-time. Therefore, the numbers, percentages, and median earnings of those working only were displayed separately in the shaded boxes from those working and going to school at the same time. Subgroups are combined respectively in the unshaded cells to the immediate right and are not double counted in totals in right-most column.

1,164 students/participants were found receiving Unemployment Insurance Benefits at the 4th quarter of 2008.

Working = if located in Texas UI wage record for target quarter (4th qtr. 2007, earnings > \$0), or located through linkages to military (DoD), federal civil service (OPM), or Postal Service (USPS) records.

Not verified means the former students/participants were not found in TWC's UI wage database or in DoD, OPM, USPS, TBVS, or THECB master enrollment file.

n/a is used to protect confidentiality in case of small cell size (less than 5).
